

STORM SUMMARY 1-1 & 2-21

Freezing rain sleet and snow went to freezing rain and then to rain and back to snow. Precipitation began 9-10am and the last of the moisture ended just a little after midnight. Precipitation turned to plain rain for 2-3 hours late afternoon before shifting back to snow when most of the accumulation occurred. This was a long day for everyone with multiple rounds of salting along with plowing operations and then areas of 0.10-0.30 of ice accumulation in addition to the snow accumulation. Officially ORD had 1.3" snow, Rockford had 1.9" snow and Romeoville 0.8" snow.
