

## STORM SUMMARY 1-8-24 thru 1-10-24

Snow spread from south to north between 8-10pm on the 8<sup>th</sup>. Winter weather advisory for Cook, DuPage, Will, Kendall and Grundy counties while the rest of the area was under a winter storm warning. There was a short period of moderate to heavy wet snow between 3-5 pm on the 9<sup>th</sup> followed by lighter intensity light snow and mixed snow and rain until nearly midnight. Snow amounts ranged from 2-5 inches on the average but includes a lot of slush. Crews started early AM of the 9<sup>th</sup> and worked through the 10<sup>th</sup> to handle the extremely liquid snow event.

O'Hare officially had 3.2" snow, Romeoville 3.2" snow, MDW 3.4" snow, and Rockford 3.9" snow.
