

Saturday December 5, 2020

4:30 PM Temperature: 37

ACTION ALERT

We are looking at a couple of upper level features that will be pushing through the area late tonight and into Sunday morning and then again Sunday night. The moisture appears to be very limited with these features but we cannot rule out a few flurries tonight and Sunday night. We will be monitoring conditions and service areas when necessary if these flurries turn into a dusting.
