

STORM SUMMARY 2-13-21

The next round of light snow spread up towards I88 and MDW early evening before reaching I90 by 8-9 pm. The snow did not reach Rockford to Lake County 12-1 am on the 13th. Snow diminished from west to east by 2-4 pm. Multiple rounds of salting's were performed in the morning hours and due to the afternoon burst that covered all parking lots, plowing operations were needed in the evening. Again this was another long duration light snow event. Officially O'Hare had 3.3", Rockford 0.8", Romeoville 1.8" and MDW 3.5"
