

Monday January 14, 2019

7:00PM

Temperature: 24

ACTION ALERT

With the return of warmer air aloft over the snow cover, these conditions may lead to the development of some patchy freezing drizzle starting tonight into Tuesday. Field managers will be monitoring conditions tonight at the onset of the precipitation incase conditions deteriorate quickly for all open facilities but crews are scheduled to dispatch during the overnight hours and will be servicing all zero tolerance properties so conditions are safe for the start of the Tuesday morning work day.
