

STORM SUMMARY 12-21-18

A cold front move through on the afternoon of the 20th, light rain and drizzle occurred at times and some flakes were present after 9pm till about 3-5am on the 21st. No accumulation was seen but salt trucks were dispatched overnight to spot treat slick surfaces that did not dry up from the wind. All zero tolerance locations were inspected and serviced if needed to keep conditions safe.
