

**Tuesday February 19, 2019**

**8:00PM Temperature: 28**

## ACTION ALERT

More wintery weather is headed our way tomorrow morning. Heaviest intensities will be prior to 11am. Precipitation may remain snow till midday for Rockford which could cause more snow there than elsewhere. Temperatures may inch up a bit overnight tonight. The precipitation will start as light snow move to a mixture with freezing rain 7-9am and may go to freezing drizzle and drizzle after 11am-1pm. This switch over will occur quicker towards I80 and south.
