

## STORM SUMMARY 12-1 & 2-19

Temperatures dropped rapidly during the afternoon and evening on Sunday the 1<sup>st</sup> of December with all areas around Chicago receiving rain fall during the morning and afternoon which turned into snow showers and freezing ran overnight. Temperatures hit a low temperature 27 degrees at 7am on Monday morning the 2nd. Surfaces did cover over with snow as far south as I88 and remained wet at in all other areas as the temperature dropped below freezing during these early morning hours. All zero tolerance & icy condition parking lots, parking garages and sidewalks were serviced to create a safe environment for the start of the Monday business day.
