

STORM SUMMARY 3-22 & 23-20

Snow spread into the area from south to north 3-5pm. The snow diminished 3-5 am on 3-23.

Heaviest snowfall was near and south of the I80 corridor where there were 4-6 inches of snow and where snow accumulated on sidewalks and some roads. There was a little accumulation on streets into southern Cook County at Oak Lawn. Most paved surfaces near I88 northward to the IL/WI border remained wet although some sidewalks turned white. As temperatures were around 28 degrees all zero tolerance and icy conditions properties were serviced. The official snowfall at O'Hare was 3.2 inches with a season total 30.1. Rockford had 1.4 inches and a season total 31.0 inches, Romeoville had 4.3 inches or 26.5 for the season.
